Bless her soul I wonder if she thinks of me as I do of her.

Wea Cloudy WED. JAN. 13, 1909 Ther. +22

School as usual studied till supper and studied after. I am not going to prayer meeting I hate to see the people. Last night I prayed to forget Potsdam because what the folks said persuaded me that it was impossible. But to-night I am just as sad as ever about it. Evidently the Lord wants me to go. I dream nights that I am in Potsdam and so they are very sweet times and I like to go to bed early. I love that place and want a letter

Sch + stu. Made a water wheel this P.M. This evening I went to Burton Holmes lecture New Japan and was transported out of this filthy hole int. the beautiful land of the morning. It was great. A dandy looking little girl was there she sat nearly right ahead of me. She must have been about 12 yrs. She was a whole beauty. looked like a Grecian statue in marble. Her eyes look like Ruth's dancing & gay she was pretty each. She looked like Ruth

Wea. Smoky THUR. JAN. 21, 1909 Ther. +37

Sch+Stu. I went to Holmes lecture on Paris with Papa. I wish it were 3 weeks ago to-night when this book was begun. Potsdam is the heaven of my imagination I can't endure this awful hole and C.H.S. Not this.

Wea. Smoky FRIDAY 22 Ther. +39

Sch+Stu. Went to Holmes lecture on Old Japan. It was great it took me away and I hated to be brought back. Again at the bottom of a page. So goes life. I like to go off alone and am so a good deal. The folks notice it.

Wea. Rainy SAT. JAN. 23, 1909 Ther +40

Wea. Smoky SUNDAY 24 Ther. +39

Went to church, S.S & C.E. as usual. I did not enjoy to-day only what I spent reading Uncle William which is a good little story and Uncle William is my kind of a person only I don't get the chance to be like him. What if she would prove to be a lonesome person like myself and I could be a friend of hers. I very intimate one. Not a regular boy friend like the fellows around would be but a real familiar friend.

Wea. Cloudy TUESDAY 9 Ther. + 34

I want to be a farmer where I can live out in God's free pure air and toil on God's earth and be close to God and go to a little country church where the Spirit of God dwells and have a God filled little home with a dear wife and charming daughter and brave son. This is my ambition

I hate this old school and wish I was away off on a farm in the nice clear air and where the sweet smell of a farm are. I long for the great free country. It is so smoky here and it makes my head ache. I think to be near God on this fertile farm is right

Wea. Clear WEDNESDAY 17 Ther. +37

Sch & Stu. I went to Prayer meeting and afterwards as someone was talking to her I got a good long look at Hazel Winebrenner. She certainly is a dandy little girl just about 5 ft 6 in and she has the sweetest shape and general appearance of any girl I have ever seen here. But the best I can say of her is that she looks like Ruth in my dear old Holiday

Wea. Clear THUR. FEB. 18, 1909 Ther. +38

Wea. Clear MON. FEB. 22, 1909 Ther. +52

I went with some girls and fellows on an all day hare and hound chase. We had a good time considering who went. The girls were homely and I did not have any of those moments of joy at being with girls that I had in Potsdam. Now & then I would suddenly notice some girl in a charming position, I would thrill with the thought of being near them. The girls don't impress me that way.

Wea. Rain TUESDAY 23 Ther. +46

Wea. Clear THURSDAY 25 Ther. + 36

9/20/09

I saw my little girl driving with her father in the pony wagon. She will be a lovely memory even though I never said anything to her. I felt like crying most of the evening. I get so attached to places and inanimate things and customs. It nearly broke my heart when I thought that I should not see Jerby to-night. As I came from Andy's I thought how I usually went up the lane and most always stopped to look at the stars but to night I had to come on down street. I would love to stay all winter. Everything looks fall like and crisp. One can smell the smoke of bonfires and the nestling down of things for the cozy winter brings on a longing to do the same but I am not to do so. Where I abide one never can be cozy. I have fallen in love with Delhi finally. That little girl sat right ahead of me Sat. night at the show. She is a cute little girl and created an impression on me

which will stay. The air has the smell of pumpkins and the windrows of shocks, the corn and everything shows of the harvest and the gathering in of God's bounty.
